6600 Series with ValuCount™
Professional Currency Counter

A feature-packed high speed currency counter

The Cassida 6600 is a professional currency counter designed to tackle a wide variety of counting jobs. Fast, accurate, and equipped with a host of smart features, it is a reliable all-around performer.

▪ Value calculation and more
ValuCount™ uses the denomination selected by the user to calculate the dollar value of the count. By activating ValuCount in the add mode, users can count different denominations while keeping track of the total value.

▪ Half, double and chain note detection
Infrared sensors are able to spot a wide range of bill discrepancies, including half, double, and chain notes. In all cases, the 6600 will stop the count, alert the user with beep, and display the error type on its screen.

▪ Counterfeit detection
Ultraviolet (UV and UV/MG models), and magnetic sensors (UV/MG model) are able to detect a wide range of counterfeit bills. Once a counterfeit is detected, the 6600 stops the count and dispenses the suspect bill into its stacker for removal.

▪ Designed with the user in mind
An intelligent bill density recognition system eliminates time-consuming stops common in conventional bill counters. An innovatively engineered mechanism combines the smooth counting of a back-loading machine with the convenient hopper of a front loader. A built-in handle makes transporting the unit easy.

ValuCount™ calculates dollar amount

Optional remote display

Product Specs

Model range:	6600UV 6600UV/MG
Dimensions, unit:	11.0"w x 10.5"d x 8.1"h (279mm x 267mm x 206mm)
Weight:	11 lb (5 kg)
Power input:	100-240 VAC 50-60Hz
Power consumption:	<80 watts
Options:	remote display
Warranty:	1 year limited warranty

Counting Specs

Counting speed:	1400 bill/minute
Hopper capacity:	400 bills (new)
Stacker capacity:	300 bills (new)

Operating Modes

Count:	simple count
Batch:	presets and programmable to 999
Add:	0 – 9,999; adds up all counts
Add+batch:	adds up all counts while batching
ValuCount™:	calculates the dollar value of the count
Error detection:	half, double, chain, note width
Counterfeit detection:	UV (UV and UV/MG models) MG (UV/MG model)
